Instructions for online learning

- Students should submit their assignments/projects via Moodle (<https://moodle.concordia.ca/moodle/course/view.php?id=159095>).
- Please refer to the following link for accessing ENCS computing resources with MATLAB remotely: <https://www.concordia.ca/ginacody/aits/encs-remote-access-lab.html>
- For graduate students, you can refer to the following link to access GCS Lab computers: <https://www.concordia.ca/ginacody/aits/support/faq/connect-from-home.html>
- For any technical issues, please forward your questions to *help@concordia.ca*
- The office hour will be hosted on ZOOM by appointment as the system only allows one-on-one meeting and privacy needs to be ensured for each student.
- Using the Moodle Forum to discuss about course-related issues with your peers and the TAs is encouraged.
